Book Media Guide

"Author Biography"

Character Happens! from author **Garry M. Graves**, scolds America to "do better."

"...the essence of *decent* character today is rooted in better decision-making, foregoing self-interest." This book teaches individuals what good and decent character looks like AND why it's important now, today, to strengthen one's character. It's important reading for everyone.

Garry is a entrepreneur, educator and writer...whose power of persuasion demands a "do better" attitude from us all.

Garry's education (ABD-DBA) along with 30+ years business experience compelled him to write about the "fleeting" nature of character. **Character Happens!** drive's home a very important point with readers. The point? Just "do better" with your decision-making. It's never too late to *improve* your character.
